This is fine with me. Exec Sec just advised that we need an email address as well as name and phone number for the "For Further information" section, and the CIO folks are in the process of establishing an alternative email address for this purpose, so my regular one is not swamped with Monument-related emails. I will forward that to Exec Sec as soon as I receive it.

Good morning,

In the attached version, I used the latest draft from Jack to add Randy's contact information. I also deleted the initial comments Jack had answered or incorporated in the text and updated the authority citation.

Please let me know if I can help with anything else.

Thank you. We will need to revise my contact information once I receive the new email address from CIO.

Once that is done, do I print it and take it to Jim Cason for signature, or are there other steps before that? And where does it go after he signs it - back to you?

Kerry: When we have Randy's correct contact information in the document, could Exec Sec also coordinate with Downey on getting a clean copy of the draft FR Notice to Heather Swift (copied) so she can prepare the press release. Heather, the current draft press release should be updated to reflect the revised FR Notice -we are now treating the marine monuments separately from the onshore ones. To assist you Heather, Aaron Moody and Laura Brown can prepare a revised version of the press release that incorporates the latest version of the FR Notice if that would help.

Exec Sec just advised that we need an email address as well as name and phone number for the "For Further information" section, and the CIO folks are in the process of establishing an alternative email address for this purpose, so my regular one is not swamped with Monument-related

emails. I will forward that to Exec Sec as soon as I receive it.

If you are going to include information in the press release on submitting comments, regulations.gov should be the primary method of submission and that should be clear in your message. If you provide a U.S. mail address or physical address as the primary address, you will be inundated with hard copy mail and response to comments will be much more difficult. I have asked Megan Apgar of my staff to set up a docket in FDMS (the back office side of regulations.gov). That docket should be included in the FR notice and, if you also wish to provide that information by press release, it should be in the press release as well. I am copying in Megan so she can provide the docket number and language on submitting comments.

Thanks. Your folks are trying to set up the docket now.

We felt we should also provide for written comments, knowing there will be massive amount, and have made arrangements with the mailroom and with Facilities Management to sort and store those comments. We will also get an empty room where we can review them periodically.

Subject: Re: Draft FR Notice on Monuments - Friday updated version

Because I handed it to the FR clerk at 2:02 he said it was received after 2 pm and would likely be published Thursday the 11th. I have suggested to Heather that we keep the 12th in the press release as a precautionary move.

Heather I am good with this version that is attached. Will let you all work out the details.

On Fri, May 5, 2017 at 11:48 AM, Lawyer, Mark <mark_lawyer@ios.doi.gov> wrote:

If you are going to include information in the press release on submitting comments, regulations.gov should be the primary method of submission and that should be clear in your message. If you provide a U.S. mail address or physical address as the primary address, you will be inundated with hard copy mail and response to comments will be much more difficult. I have asked Megan Apgar of my staff to set up a docket in FDMS (the back office side of regulations.gov). That docket should be included in the FR notice and, if you also wish to provide that information by press release, it should be in the press release as well. I am copying in Megan so she can provide the docket number and language on submitting comments.

<jack.haugrud@sol.doi.gov> wrote:

Kerry: When we have Randy's correct contact information in the document, could Exec Sec also coordinate with Downey on getting a clean copy of the draft FR Notice to Heather Swift (copied) so she can prepare the press release. Heather, the current draft press release should be updated to reflect the revised FR Notice -we are now treating the marine monuments separately from the onshore ones. To assist you Heather, Aaron Moody and Laura Brown can prepare a revised version of the press release that incorporates the latest version of the FR Notice if that would help.
